

Apple & Ribbon Mini-Wreaths

Items needed:

- Dried Pink Lady® Apple slices
- Jute or cotton string
- Ribbon, cut into lengths
- Gold twisty ties or gold wire

How to assemble:

1. Carefully make a small hole in the top of the apple slices with the wooden skewer, and then thread 3 to 4 apple slices together with some jute or cotton string, allowing enough length of string to hang the decorations on the tree.
2. Tie the ribbon into bows, and secure the bows around the middle with the gold twisty ties or gold wire.
3. Fix the bows to the top of the apple wreaths by tying the twisty ties or wire around the jute or cotton string. Hang the mini apple and ribbon wreaths on the Christmas tree.
